Title : Priests And Prophets : Transcend And Transform

Introduction: We live in a world of polycrisis in need of the church's active engagement in history as agents of Divine transcendence and transformation. Christ says, "I will build My Church." Therefore...

1. Priestly Living...

- A. Offering Ourselves as God's Redeemed and Chosen People
- B. Living Sacrificially as our Call to Worship

2. Prophetic Living...

- A. Renewing Our Minds to know the Will of God
- B. Transforming our World and Work in the light of New Creation

Questions:

1. Can we live our daily lives as God's royal priesthood and lift up creation in worship?
2. Can we be prophetic agents of change in the world of work to live creatively and sustainably to combat climate crises?

Conclusion

The Church of Christ as God's missional community of faith must live out our priestly and prophetic calling as guided and empowered by the Holy Spirit.
